

Our Action Plan is designed to deliver our Decade of Change targets on Waste and our S106 obligation to maintain an Action Plan on waste management and report annually on waste performance.

STRATEGY	1. Implement the Decade of Change Goal 9 Waste Roadmap and review and maintain the improvements made.	Ongoing
	2. Continue to maximise waste hierarchy management and performance from GAL operations through process equipment and technology innovations.	Ongoing
DELIVERY	3. Hold waste specific community forums with key stakeholders and utilise existing airport forums and employee communications channels to raise awareness of airport users, partners and employees about waste management facilities and performance.	Ongoing
	4. Work with retail, airline and construction partners to improve recycling and waste management processes and ensure compliance with relevant legislation.	Ongoing
	5. Continue to engage across all relevant industries, including through groups like Sustainable Aviation, to drive best practice at Gatwick.	Ongoing
MONITORING & REPORTING	6. Maintain weekly and monthly monitoring process with waste contractors to drive improved performance.	Ongoing
	7. Report performance through internal governance processes and externally via stakeholder groups, websites and annual reports.	Annual

WASTE MANAGEMENT KPIS AND REPORTING

In our annual Decade of Change and S106 reports we report the following KPIs for Operational and Commercial Waste:

- Total waste (tonnes)
- Volume of materials beneficially repurposed (%)
- Total passengers and Waste per passenger (kg)

For Construction waste, we report tonnage and % diverted from landfill by our construction contractors.
